

Main Road *Self* STORAGE

Before You Move ... A Last Minute Review

Ready, Set ... Go!

- Order your MRSS unit at least 1 week before you need it.
- You are responsible for how your goods are packed and loaded in your storage unit. Be familiar with our [packing and loading tips](#) or personally supervise hired labor.
- Load your goods in a pre-designated order, saving "last load" items at the rear of your storage unit. This might include your vacuum cleaner or bed sheets.
- Check every room, closet and cabinet one last time before deciding everything is loaded.
- Once your goods are unpacked in your storage unit, lock it.
- Leave a note with your new address in the house so that future residents can forward any stray mail.
- Keep a friend or family member informed of your plans and "whereabouts" in case of an emergency or unforeseen event.
